- Phone — (856) 697-0085

An estimated three million people were affected by the quake; it is reported that between 217,000 and 230,000 people had lost their lives. In addition, an estimated 300,000 were injured, and a 1,000,000 homeless. They also estimated that 250,000 residences and 30,000 commercial buildings had collapsed or were severely damaged.

The Buena Regional High School track will be the site as our community attempts to walk to Haiti in our efforts to raise money for the people of Haiti. This will be a great way to bring our community together for a morning of exercise while serving those in need. Bring the entire family; as there will be numerous activities for everyone to enjoy.
