

Pinelands Municipal Council Home Page

The Pinelands Municipal Council serves as a sounding board among the 53 municipalities within the State-designated Pinelands Area and the Pinelands Commission. They work on cooperative programs with the Pinelands Commission. They support legislation that affects their communities, and try to find issues of common concern to the various towns in the group. The communities are both big and small, and the needs vary. Through better communication between residents and the various layers of government, a better understanding and appreciation can be found to respect the environment and provide for progress.
